Support Adult & Workforce Literacy Services!

Dear Governor O'Malley:

Dear Governor O'Malley:

Maryland needs educated adults to work for our companies, contribute to our communities, and raise our children. Acquiring basic literacy skills, English proficiency and diplomas is critical to thousands of Marylanders, and critical to our economy.

Maryland needs educated adults to work for our companies, contribute to our communities, and raise our children. Acquiring basic literacy skills, English proficiency and diplomas is critical to thousands of Marylanders, and critical to our economy.

THANK YOU for maintaining level funding for the state adult education and literacy grants program in FY2010! In FY 2009, enrollment in adult and correctional education increased by 10%, placing a strain on local programs. Your initiative to align workforce development and adult education requires support for level funding once again in FY 2011.
